

SOME BOUNDS ON SAMPLE PARAMETERS WITH REFINEMENTS OF SAMUELSON AND BRUNK INEQUALITIES

R. SHARMA, A. KAURA, M. GUPTA AND S. RAM

Abstract. We derive bounds on the extreme deviation of a finite universe in terms of its range and standard deviation. The bounds for the range and ratio of the extreme values are obtained in terms of the standard means.

Mathematics subject classification (2000): 60E15.

Keywords and phrases: Karl Pearson coefficient of dispersion, standard deviation, harmonic mean and Samuelson inequality.
