

## SUFFICIENT CONDITIONS FOR INTEGRAL OPERATOR DEFINED BY BESSEL FUNCTIONS

B. A. FRASIN

*Abstract.* The main object of the present paper is to derive several sufficient conditions for integral operator defined by Bessel functions of the first kind to be convex and strongly convex of given order in the open unit disk.

*Mathematics subject classification (2010):* 30C45, 30A20, 33C10.

*Keywords and phrases:* Analytic functions, Convex functions, Bessel functions, Integral operator.
