

FURTHER DEVELOPMENT AND REFINING SOME INEQUALITIES FOR POLYNOMIAL ZEROS

LADISLAV MATEJÍČKA

Abstract. In the article, we extend bounds for the roots of polynomials with complex coefficients obtained by Rică Zamfir [R. Zamfir, Refining Some Inequalities, Journal of Inequalities in Pure and Applied Mathematics, no. 3, Article 77, vol. 9, 2008 available online at http://jipam.vu.edu.au/v1n2/011_99.html]

Mathematics subject classification (2010): 12D10.

Keywords and phrases: Inequality, polynomial, roots.
