

NEW ERROR BOUNDS OF THE CHEBYSHEV FUNCTIONAL AND APPLICATION TO THE TWO-POINT INTEGRAL FORMULA

S. KOVAČ, J. PEČARIĆ AND S. TIPURIĆ-SPUŽEVIĆ

Abstract. In this paper we develop some new inequalities regarding Chebyshev functional and obtaine some new application to the two-point integral formula.

Mathematics subject classification (2010): 26D15, 26D20, 26D99.

Keywords and phrases: Weight function, Chebyshev functional, two-point integral formula.
