

## ON HADAMARD'S INEQUALITY FOR THE CONVEX MAPPINGS DEFINED ON A BALL IN THE SPACE AND APPLICATIONS

S. S. DRAGOMIR

**Abstract.** In this paper we point out an inequality of Hadamard's type for triple integrals which works for convex functions defined on a ball from the space. Some mappings naturally connected with this inequality and related results are also pointed out.

*Mathematics subject classification (1991):* 26D07, 26D15.

*Key words and phrases:* Convex functions of triple variable, Jensen's integral inequality, Hadamard's inequality.
