

SHORT PROOFS OF THE GALE & RYSER AND FORD & FULKERSON CHARACTERIZATIONS OF THE ROW AND COLUMN SUM VECTORS OF $(0,1)$ -MATRICES

RICHARD A. BRUALDI

Abstract. We simultaneously give short, direct proofs of the Gale & Ryser and Ford & Fulkerson characterizations of the row and column sum vectors of $(0,1)$ -matrices.

Mathematics subject classification (2000): 05A20, 05B20, 15A39.

Key words and phrases: Row and column sum vector, $(0, 1)$ -matrices, majorization, structure matrix.
