

NEW ESTIMATIONS OF THE SOLUTIONS OF MULTIDIMENSIONAL INTEGRAL INEQUALITIES

ICE B. RISTESKI AND KOSTADIN G. TRENČEVSKI

Abstract. In this paper new general estimations of integral inequalities of Volterra's type as some special estimations based on the Bessel function are given.

Mathematics subject classification (2000): 49A29, 45D05.

Key words and phrases: Integral inequalities, integral inequations of Volterra's type, Bessel function, Bellman-Gronwall lemma.
