INEQUALITIES INVOLVING GEGENBAUER POLYNOMIALS AND THEIR TANGENT LINES

TOMASZ HRYCAK AND SEBASTIAN SCHMUTZHARD

Abstract. On the interval $[-1,1]$, the Gegenbauer polynomial $C_n^\lambda (\lambda > 0)$ is greater than or equal to its tangent line at the point $z_0 = 1$. We derive a lower bound for the difference of $C_n^\lambda$ and this tangent line.
