SEMIGROUPS OF TRUNCATED TOEPLITZ OPERATORS

AMEUR YAGOUB AND MOHAMED ZARRABI

Abstract. We characterise the one parameter families of truncated Toeplitz operators that are semigroups, uniformly continuous semigroups and $C_0$-semigroups of contractions. We also study their generators.

Mathematics subject classification (2010): 47B35, 47D03, 30H10, 47B44.

Keywords and phrases: Model space, truncated Toeplitz operators, Semigroups.
