COMPACT PERTURBATIONS OF DRAZIN INVERTIBLE OPERATORS

BOTING JIA AND YOULING FENG

Abstract. Necessary and sufficient conditions for the invariance of Drazin invertibility under compact perturbations are established. This proves a conjecture of Kaifan Yang and Hongke Du.

Mathematics subject classification (2010): 47A55, 47A58, 47A05, 15A09.

Keywords and phrases: Drazin inverse, generalized Drazin inverse, compact operators, spectrum.
