

## A GENERAL FOURTH-ORDER PARABOLIC EQUATION

CHAO ZHANG AND SHULIN ZHOU

*Abstract.* In this paper we establish the existence and uniqueness of weak solutions for the initial-boundary value problem of a general fourth-order parabolic equation. Our assumptions are much weaker than those in the literature.

*Mathematics subject classification (2010):* 35D05, 35G20.

*Keywords and phrases:* existence, uniqueness, fourth-order parabolic equations.
