

LOCATION OF ZEROS OF THE POLAR DERIVATIVE OF A POLYNOMIAL

B. A. ZARGAR, M. H. GULZAR AND S. A. MALIK*

Abstract. In this paper, we infer bounds for the moduli of the zeros of the polar derivative of univariate complex polynomial and provide some more general results, which yields some classical bounds as special cases.

Mathematics subject classification (2020): 30C10, 30C15, 30C99.

Keywords and phrases: Polar derivative, zeros, annulus, complex polynomial.
