

STEFFENSEN'S MEANS

J. JAKŠETIĆ AND J. PEČARIĆ

Abstract. We define new means using Steffensen's inequality. Then we prove monotonicity of new means. Two new proofs of main result in [1] are given and conditions for Jensen-Steffensen inequality are relaxed.

Mathematics subject classification (2000): 26D15.

Keywords and phrases: Steffensen inequality, Jensen-Steffensen inequality, monotone function, means.
