

A NOTE ON SOME INEQUALITIES FOR UNITARILY INVARIANT NORMS

JIANMING XUE AND XINGKAI HU

Abstract. In this paper, we obtain an improved inequality for unitarily invariant norms, which was established by Fu and He [J. Math. Inequal. 7 (4), (2013), 727–737].

Mathematics subject classification (2010): 15A18, 15A42, 15A60.

Keywords and phrases: Convex function, unitarily invariant norm, inequality.
