

SOME INEQUALITIES ASSOCIATED TO THE RATIO OF POCHHAMMER k -SYMBOL

XU YOU, SHOUYOU HUANG AND LU LIU

Abstract. In this paper, we study some ratios of the Pochhammer k -symbol. We prove some sharp inequalities for the ratio of Pochhammer k -symbol by Multiple-correction method.

Mathematics subject classification (2010): 33B15, 26D07, 26A48.

Keywords and phrases: Pochhammer k -symbol, gamma function, multiple-correction method.
