IMPROVEMENTS OF SOME FUNCTIONAL JENSEN
TYPE INEQUALITIES VIA SUPERQUADRACITY

RABIA BIBI

Abstract. In this paper we obtain improvements of some functional inequalities of Jensen and Hölder type. For this purpose we use superquadratic functions and positive linear functionals.

Mathematics subject classification (2020): 26D15, 34N05.
Keywords and phrases: Jensen's inequality, Hölder's inequality, superquadratic functions, positive linear functionals.
