

SEMIGROUPS GENERATED BY TENSOR SUM OF GENERATORS

S. MEENA* AND S. PANAYAPPAN

Abstract. In this article, it is shown that the notion of tensor sum semigroups introduced in [8] is not valid. Further, a C_0 -semigroup generated by the tensor sum of generators of two C_0 -semigroups is developed.

Mathematics subject classification (2020): 47D03, 47D99.

Keywords and phrases: C_0 -semigroup, tensor product, tensor sum.
